Roborock's Q10 S5 Plus robovac is over half off, matching its best price to date

EVEN AT FULL PRICE, the Roborock Q10 S5 Plus offers impressive value, boasting features typically reserved for pricier robovac models at a fraction of the price.

That's especially true today. It's down to just \$269.99 (\$280 off) at Wellbots when you apply promo code NEW10, which matches its all-time low and is the...

Amazon's data centers used 2.5 billion gallons of water last year

Just after Seattle enacted a one-year data center moratorium that some of Amazon's own employees pushed for, Amazon shared how much water its data centers use, reportedly for the first time. With concerns about water consumption and energy use a focus of new AI data center construction debates, Amazon says its global...

A warrantless wiretap law is about to expire — but surveillance networks aren't actually 'going dark'

Congress has failed to pass a three-week extension of Section 702 of the Foreign Intelligence Surveillance Act (FISA), with the House voting 218-198 against reauthorizing the controversial warrantless wiretapping authority through July 2nd. After a short-term extension earlier this year, the spying program now appears...
