Anthropic targets $1.4 trillion IPO

Anthropic confirmed on Tuesday that its IPO could be one of the biggest ever, even while falling short of previous expectations. Its IPO price is expected to be between $70.00 and $78.00 per share and according to the Wall Street Journal's sources, Anthropic is "aiming for its shares to start trading Thursday or...

Real Motors’ Project Ares is a cyberpunk fantasy made real

Electrification has done wonderful things for motorcycle design. By getting rid of the engine and the fuel tank that supports it, designers have the freedom to do whatever they want, and the results have been occasionally brilliant. I'm a big fan of the vaguely retrofuturistic stylings of the Maeving RM2 and the…
