LEAD STORY · BUSINESS & BIG TECH

## I asked every TV manufacturer 17 questions about how they spy on you

**EVERY TV COMPANY IS** spying on you, not just LG. Like other tech companies, they collect lots of information, and while some is necessary for products to work, not all of it is - and could include details you'd prefer to keep private. Many customers are concerned about how TVs and streaming devices might be […]

### Over 35,000 Grok-Built Apps Exposed Online, Some Leaking Confidential Data and Passwords

Of the 37,571 Grok-built apps that security company Claroc found online, 35,578 were open to anyone without a sign-in, the researchers said yesterday. They included 24 apps built by staff at the social network X and at SpaceXSI, the company that makes the Grok AI assistant. Most of the open apps were games, landing...
