Nvidia eyes converting old nuclear plants into massive AI data centers

Nvidia and PreussenElektra are studying whether decommissioned sites of German nuclear power plants can be repurposed as AI data centers, potentially cutting development time by reusing existing grid connections, land, and industrial infrastructure.

I hope Apple’s touchscreen MacBook takes some lessons from this Lenovo laptop

It looks like the long-rumored touchscreen MacBook might actually get announced next week, and after using the Lenovo Yoga 9n for our testing of Nvidia's RTX Spark platform, it got me thinking: this is a lot of what I want from a touchscreen MacBook. Like the Apple silicon in modern MacBook Pros, RTX Spark is […]
